

Patient Portal

Communication is a critical component to success at NeuLife. We provide all case managers, attorneys and family members with access to a secure and personalized portal. The portal can be accessed 24/7 via the NeuLife website.

- Track type and duration of therapy sessions
- Receive weekly Grand Rounds updates to include:
 - Details regarding improvements and issues
 - Current progress reports
 - Functional Outcome Measures
- View test results and medication lists
- Retrieve medical equipment information

Whether you're tracking the progress of a loved one, or managing a patient's case – you'll appreciate 24/7 access to our private portal. You can download the information, print and share it with healthcare providers, family members or others involved in a patient's recovery and treatment.
